MathXL® for School

Teacher Refresher Courses
Brush up on the math before the first day of class!

From MathXL® for School, the powerful online homework, tutorial, and assessment program, comes an array of new Teacher Refresher Courses. We want you to feel prepared for the first day of class!

Courses are available in:
- Arithmetic Review
- Prealgebra Review
- Algebra Review (includes Algebra I and II)
- Precalculus Review (includes College Algebra and Trigonometry)

Enrollment Instructions

1. **Register for MathXL for School**
   *If you already have a MathXL for School educator account, skip to step 2.
   - Obtain a MathXL for School Educator access code from your Pearson Account General Manager. (visit PearsonSchool.com to find if you do not know your Pearson AGM)
   - Go to: mathxlforschool.com
   - Click on the Educator button under Register on the home page.
   - Follow the on-screen instructions to register. When prompted, enter your access code.

2. **Choose a Course**
   - Go to info.mathxlforschool.com/refresher to view a list of teacher refresher courses available.
   - Choose a course and note the course name and course ID associated with that course.
   - Course Name: _____
   - Course ID: _____

3. **Enroll in your Course**
   - After you complete registration, go to www.mathxlforschool.com and log in using your username and password.
   - Once you have logged in, click on your name in the upper right corner of the screen. Then click on "Enroll in Course."
   - In the boxes provided, enter the course ID for the teacher refresher course you want to enroll in. When the course name appears on-screen, verify this is the course you want to enroll in and click Enroll. On the confirmation page, click OK.

4. **Set up your computer**
   - On your course home page, click "Browser Check" in the upper right corner of the screen to install the necessary components for your course.
   - You are now ready to work in your MathXL for School teacher refresher course!

Note: You may only be enrolled in one course at a time.
